

HA SOLUTIONS, LLC

NETWORK ENGINEERING | CYBERSECURITY | IT INFRASTRUCTURE

Securing Networks. Enabling Missions.

CAPABILITY STATEMENT

[HASolutionTech.com](https://hasolutionstech.com)

COMPANY OVERVIEW

HA Solutions, LLC is a Virginia-based, service-disabled veteran-owned small business focused on resilient enterprise networking, cybersecurity, and IT infrastructure support. Led by a senior network engineer and architect with 15+ years of experience, the company offers expertise relevant to federal agencies, defense missions, and prime-contractor teams.

CORE COMPETENCIES

- Enterprise LAN/WAN architecture, modernization, and operations
- Cisco, Juniper, and Palo Alto network infrastructure
- Secure site-to-site IPsec VPN, GRE, DMVPN, and OSPF routing
- Firewall administration, Panorama, segmentation, and access controls
- 802.1X, Cisco ISE, RADIUS/TACACS+, and identity integration
- High availability, redundancy, troubleshooting, and monitoring
- Network/OT security alignment with NIST, DISA STIG, and IEC 62443

DIFFERENTIATORS

- Founder experience supporting mission-critical DoD and geographically distributed environments
- Hands-on engineering across two redundant primary sites and 50+ remote locations
- Combined network architecture, operational troubleshooting, and cybersecurity expertise
- Experience with VMware, SolarWinds, Active Directory, AWS connectivity, and OT security tooling

RELEVANT LEADERSHIP EXPERIENCE

Founder's professional experience (not HA Solutions, LLC contract past performance): Engineering and supporting secure, resilient enterprise networks for organizations serving defense and mission-critical operations; designing multi-site WANs with redundant primary locations, encrypted tunnels, dynamic routing, and centralized firewall management. Prior roles include network architecture, OT cybersecurity, network access control, and enterprise switching/routing.

TECHNOLOGIES & FRAMEWORKS

Cisco • Juniper • Palo Alto / Panorama • OSPF • EIGRP • GRE • IPsec • DMVPN • Cisco ISE • RADIUS / TACACS+ • VMware • SolarWinds • NIST SP 800-53 / 800-82 • DISA STIG • IEC 62443
